

# Short Films: Independent Task

**Next year, you will need to independently watch and explore a range of short and full length films. This will be the basis for your coursework project.**

**The summer task aims to introduce you to this process. Watch at least three short films from this website <https://www.shortverse.com/explore>**

**When you have decided on your favourite of the films you have watched, rewatch it and complete the viewing sheet in this booklet.**

## Viewing Sheet

Film title, director, and genre:

Key themes:

What stylistic choices particularly stand out? Think about any striking camera angles, effective use of lighting, interesting settings or costumes, and how sound has been used for impact.

**How is the narrative structured? (Is the story chronological or not? What was the effect of this?)**

**How is dialogue use effectively? Does it seem appropriate/authentic and in what way?**

**How has the ending been made impactful? (Was it a clear ending or something more vague? What did it try to leave you thinking or feeling?)**

**How does the film develop the characters and/or plot?**
