### **Connell Shorts**

Published digitally these short guides to modern texts are written by leading literary critics.

### **Literary Briefing**

Stimulating bi-monthly essays by critics and writers commissioned specially for Connell Guides.

### **Fortnightly Review**

Featuring digests of significant new critical essays or books and a summary of literary stories.

### **Our Videos**

Featuring leading academics, as well as well known actors and writers.

### **Our Books**

The website gives details of all the books available, along with a plot summary and timeline about the authors' life and work. Many of the guides are available from the SFC Library. Each book brings to life a single work of literature and provides an intelligent, illuminating discussion by an academic or critic.

Connell Guides put forward, clearly and concisely an authoritative and compelling interpretation of what a work is *about*, and why it has endured.
