Home Learning Timetable - Year 7

Expectations

Year 7 students are expected to complete 2 to 3 hours of Home Learning each week.

If they complete their home learning within this time, they should use the Knowledge Organisers to revisit the topics covered in lessons. They should try to commit this knowledge to memory to support the next steps of learning and for future assessments.

Teachers will set home learning for students on **Edulink**, which can be monitored by parents/carers via their own account. A guide on how to do this can be found here.

Weekly home learning - this work will be set <u>every</u> week throughout the year

- **Dr Frost Maths**
- **French or Spanish vocabulary**
- **Reading for 30 mins a day as a minimum**

Design and Technology Home Learning

Unlike other subjects Design and Technology, which comprises Paper and Board, Timbers, Food Technology and Textiles, is taught on a rotation with students alternating between the various subjects throughout the year.

The timetable below provides an approximate schedule, however due to the nature of the subjects timetable this may not align for each rotation.

Please refer to the home learning schedule which can be found within the student work booklets provided for each subject.
